The Open University

Currie & Brown has provided professional services to The Open University for the development of its central headquarters campus in Milton Keynes and sites throughout the UK since its establishment in 1969. The numerous projects include science & technology laboratories, new business school, new library, extension to audio visual services, central meeting rooms and general office accommodation.

Project value: £110m

Appointed by: Open University

Pathway Project for the University Hospitals of Leicester NHS Trust

Currie & Brown was appointed as technical adviser for the outline business case, public sector comparator and the bidder evaluation for the redevelopment of a three separate hospital sites, including the demolition of existing buildings and the construction of new accommodation around the remaining buildings.

Project value: £286m (Approved Strategic Outline Case value)

Appointed by: University Hospitals of Leicester NHS Trust

PFI Construction and Relocation

Relocation of the Princess Margaret Hospital to a new site in Swindon, involving the construction of a new 450-bed PFI hospital. The preferred partner is The Hospital Company (Tarmac United Medical Enterprises). Currie & Brown has checked the preferred partner's construction costs for the Trust's advisors, and conducted a value for money exercise for the Trust.

Project value: £105 million

Appointed by: Swindon & Marlborough NHS Trust

Extension for Language Laboratory

Currie & Brown assisted in the extension to an existing school building at first floor level to provide facilities for a language laboratory for 25 students, procured within tight budget constraints and built during term time. Currie & Brown provided Full Pre- and Post-Contract Cost Management services.

Appointed by: James Allen's Girls' School

New Build hospital on green field site

Currie & Brown provided project management services on a specialist new build 70 Bed DSPD Unit on a green field site at Broadmoor Hospital.

Project value: £30 million

Appointed by: Broadmoor Hospital
